6. RBM SCHEME – REGIONAL TRAINING COOPERATION

3. KEY OBJECTIVE
An expanded corps of quality heritage professionals is prepared to meet the preservation challenges responsibly in a number of countries

SPECIFIC OBJECTIVE
Regional trainings (RRC & seminars) take the most effective approach to addressing real heritage needs, including conservation, promotion and interpretation of cultural heritage across borders.

3.1 OUTCOME
Quality of trainings - The high quality of trainings is sustained by CHwB and acknowledged by peer organizations

3.1.1 OUTPUT
Regional Restoration Camps endorsed by ICCROM

3.1.2 OUTPUT
Other conservation trainings offered with partners, based on the model of the RRC

3.1.3 OUTPUT
Consistent pool of top-level consultants and craftspeople regularly involved in implementing trainings

3.2 OUTCOME
Practical training conducted on sites of ongoing conservation and within museums, integrated into curricula of universities

3.2.1 OUTPUT
Regional Restoration Camps included in curricula of universities in Bosnia and Herzegovina, Kosovo, Albania and Serbia

3.2.2 OUTPUT
Support from Ministries of Education and/or Culture in Bosnia and Herzegovina, Kosovo, Albania and Serbia sought for participation of university students in Regional Restoration Camps

3.2.3 OUTPUT
A number of historical monuments and Museum artefacts conserved/repaired

3.2.4 OUTPUT
Regional Restoration Camps part of the academic training of Universities outside the region

3.3 OUTCOME
Overall/regional exchange - Networks of cultural heritage professionals extended across borders, aiding reconciliation of divided communities in the Balkans and beyond

3.3.1 OUTPUT
Partnership meetings conducted across the region with professionals working on issues of difficult (post-Socialist & post-conflict) heritage and reconciliation

3.3.2 OUTPUT
Craftspeople from Kosovo train young professionals in Serbia and vice versa

3.3.3 OUTPUT
Regional Restoration Camps participants members of structured alumni network

3.3.4 OUTPUT
Camps alumni and university partners can access lectures and reflections from Regional Restoration Camps through a Web portal to disseminate the knowledge

3.4 OUTCOME
Expansion of regional training (Regional Restoration Camps and seminars) outside of the 2013 Western Balkans locations

3.4.1 OUTPUT
Needs assessment and partnership meetings conducted outside of the 2013 Regional Restoration Camp countries

3.4.2 OUTPUT
Partnership agreements developed and signed for trainings/seminars

3.4.3 OUTPUT
Successful model of the Regional Restoration Camps is implemented beyond the Western Balkans

3.5 OUTCOME
Sustainable future of the Regional Restoration Camps

3.5.1 OUTPUT
Developing feasibility study (la for the participation based on fees) and marketing strategy

3.5.2 OUTPUT
Regional Restoration Camps registered as a protected trademark

3.5.3 OUTPUT
Regional restoration camp registered as a community interest company a legal subsidiary to the local CHwB NGOs

3.6 OUTCOME
A number of historical monuments and Museum artefacts conserved/repaired
